Please read the following prior to signing the application

☐ All permits issued shall cover only the work set forth in the permit application; however, in the event that it is necessary to replace a construction or nonconstruction waste dumpster, pod or shipping container upon a public right-of-way or on private property prior to the completion of said work, additional permits shall not be required.

☐ The placement of only one dumpster, pod or shipping container per job site upon a public right-of-way or on private property shall be permitted at any one time.

☐ No permits shall be issued by the Code Enforcement Office if, in its opinion, the location and placement of this construction or nonconstruction waste dumpster, pod or shipping container will create a safety hazard to the use of the sidewalk area, treelawn area or cartway by pedestrians or vehicles.

☐ Time limitation for construction waste dumpsters. A construction waste dumpster shall be permitted to be placed upon a public right-of-way or on private property for the duration of a specific building construction, repair or demolition project for which a building permit was secured from the Office of Code Enforcement.

☐ Time limitation for nonconstruction waste dumpsters, pods and shipping containers. A nonconstruction waste dumpster, pod or shipping container shall be permitted to be placed upon a public right-of-way or on private property for a maximum of five consecutive days. The Code Enforcement Office shall have the discretion to approve a time extension for a nonconstruction waste dumpster, pod or shipping container; however, under no circumstances shall a nonconstruction waste dumpster, pod or shipping container be permitted to be placed upon a public right-of-way or on private property for a period exceeding 30 days.

☐ The placement of a construction or nonconstruction waste dumpster, pod or shipping container upon a public right-of-way or on private property must be temporary in nature and must be one that can be readily removed from the right-of-way.

- ☐ A construction or nonconstruction waste dumpster, pod or shipping container placed upon a public right-of-way or on private property shall not extend into a cartway or impeded or endanger the free flow of pedestrian or vehicular traffic.
- ☐ A construction or nonconstruction waste dumpster, pod or shipping container placed upon a public right-of-way or on private property shall not be placed within 20 feet of a crosswalk at an intersection.
- ☐ A construction or nonconstruction waste dumpster, pod or shipping container placed upon a public right-of-way or on private property shall not be placed within 15 feet of a fire hydrant.
- ☐ A construction or nonconstruction waste dumpster, pod or shipping container placed upon a public right-of-way or on private property shall bear the owner's name and telephone number displayed in a conspicuous place plainly visible to passersby and kept there for the duration of the permit.
- ☐ A construction or nonconstruction waste dumpster, pod or shipping container placed upon a public right-of-way or on private property shall bear reflective markings in sufficient positions and with sufficient reflective capacity to provide reasonable warning to approaching nighttime traffic of its location, and a standard barricade light shall be in operation on the dumpster side nearest the travel lane of the public right-of-way or on private property from sunset to sunrise.
- ☐ No public right-of-way shall be closed for the purpose of location or utilization of a construction or nonconstruction waste dumpster, pod or shipping container.
- ☐ The location and utilization of a construction or nonconstruction waste dumpster, pod or shipping container upon a public right-of-way or on private property shall not be such as to constitute a safety hazard to person or property.
- ☐ The placement of a construction or nonconstruction waste dumpster, pod or shipping container shall not extend into the sidewalk area any more than 1/3 the width of the sidewalk area, but in no case more than three feet.
- ☐ The placement of a construction or nonconstruction waste dumpster, pod or shipping container shall not extend into the treelawn area unless approved by the Code Enforcement Office.
- ☐ Where a construction or nonconstruction waste dumpster, pod or shipping container is placed upon a portion of public right-of-way within a parking meter zone, authorization from the Nanticoke City Police Department to bag the meter or meters must be secured for all affected meters, at a fee to be established by resolution of the City Council per meter, Monday through Saturday.
- ☐ The location and utilization of a construction or nonconstruction waste dumpster, pod or shipping container upon a public right-of-way or on private property shall be in compliance with all other federal, state and local statutes, rules and regulations applicable thereto.
- ☐ A nonconstruction waste dumpster shall not be permitted to be placed upon a public right-of-way or on private property for the disposal of garbage defined as putrescible animal and vegetable waste resulting from the handling, preparation, cooking and consumption of food.

Signing below is an indication you have read and agree to abide by the regulations set forth above.
