#### **COMMENTS FROM THE PUBLIC –**

**Lou Gianuzzi** commented that four of the benches that were destroyed by the storm have not been replaced and asked if the City has any intentions of fixing them. Donna stated yes but she and the Mayor are also discussing some other changes to the park and they want to make all the improvements at one time. They will be fixed but not immediately. Lou also notices people barbequing in the park and wanted to know if anyone who is a resident of Nanticoke is allowed to use the park and barbeque. Donna stated that is NE Counseling using the park but she cannot see why not other residents cannot barbeque in the park.

**Theresa Sowa** asked the officials if they are considering looking into a fireworks ordinance now that the state has made them legal for residential use. She stated that other surrounding towns like Wilkes Barre have passed ordinances and she thinks Nanticoke should do the same. She thinks this will cut down on issues with residents. She said a neighbor on her street was setting them off too close to homes and they were very loud. She had an argument with the neighbor over the fireworks this year. Attorney Finnegan stated he and Donna will look into it and Donna stated that Chief Hazleton has already started looking into it and has asked other municipalities to forward him their ordinances so we can start on one for Nanticoke. Donna said we are ahead of the game on this issue.

**Larry Beck** asked council if he could get the holes in his alley filled and blacktopped. He is at the 200 block of Green and Church Streets. President Brown told him that Donna will talk to the DPW department about fixing the alley.

**Hank Marks** commented on an article that stated how other municipalities were able to exit ACT 47, specifically West Hazleton. He said they hated to do it but they cut the police and fire departments in order to recover from the financial crisis they were in. He stated reason on why they were in a financial crisis and the only thing they could do to avoid raising taxes and fees was to eliminate some of the fire and police. On the other hand Nanticoke raised earned income taxes, real estate taxes, and raised the sewer fee. He stated we are taking from people who are not doing well and giving to those that are doing well. Hank compared the Borough's 1.9 million dollar budget to Nanticoke 5.5 million dollar budget and that almost 75 percent of Nanticoke's budget is Fire and Police. He stated due to the declining population in Nanticoke, Nanticoke should be considered a Borough and not a City. President Brown asked Hank to wrap it up because his five minutes are up and Hanks stated he had one more thing to discuss, President Brown told him to go ahead and speak, Hank chose not to. Hank stated he has nothing else to say.
